*International
Thoroughbred
Racing*

The French racing experience

Dive into the heart of French racing with a passionate international racing syndicate.

- Enjoy a two-year exclusive experience, in step with the rhythm of top-class racing.
- Share unforgettable moments at some of Europe's most iconic racecourses: Longchamp, Chantilly, Deauville...
- Attend morning training sessions in Chantilly and watch your horses in action on the world's most beautiful training grounds, while staying at local hotels at preferential rates.
- Benefit from privileged access to all French racecourses, all year round.
- Come together at special Racing France events and invitations in Paris, Deauville and beyond.

Get involved

40 shares available

€15,000 per share

(all-inclusive for 2 years)

- The cost of a share represents the only cost to participate; a one-time payment which covers training, management, and the purchase of horses.
- The syndicate will aim to maintain an interest in around ten horses throughout the two years, thereby ensuring frequent action and providing more opportunities to win.
- The stable will comprise a mix of ready-to-race horses and young prospects.
- Shares may be owned either personally or through a limited company.

The team

Philip Brooks

Co-founder

A lawyer based in London, Philip has been an owner in France for several years. A true racing enthusiast, he has a natural talent for bringing friends together around this shared passion. Deeply involved from day one, he makes sure everyone can focus on the horses and having a good time.

Nicolas Clément

Trainer

The youngest trainer ever to win the prestigious Prix de l'Arc de Triomphe in 1990, Nicolas has saddled over 1,000 winners, including numerous Group winners in France and abroad. A licensed trainer since 1989, he has consistently ranked among the top 25 trainers in France for many years.

Frauke "Flo" Hermans

Trainer

A young Dutch trainer, Flo joined Nicolas Clément as co-trainer in March 2025. Trilingual (English, French, Dutch) and full of energy, she brings a modern, international outlook to the training yard. Since arriving at the stable in 2019, she has played a key role in its recent successes. Her expertise and dedication make her a major asset to the team.

The team

Thibault de Seyssel

Racing Manager

A young bloodstock agent and racing manager, Thibault co-founded Shamrock Racing with Nicolas – an ownership syndicate that enjoyed great success and impressive strike rates. He now manages horses for several owners in France and abroad.

Charlotte de Pellegars

Head of Comms

An unfailingly reliable, professional and charming horsewoman, Charlotte's passion for horses and her deep understanding of the racing world ensure participating in Racing France is a thoroughly engaging experience. She is a crucial team member and always a pleasure to hear from.

Club Members

Every member is very much a key part of the Racing France team. With its select membership, social events, full transparency and shared decision making, Racing France is defined by the participation of its members. Sharing the experience with a passionate team makes for good times on and off the racetrack.

How it works

Shares are shares

When a participant buys a share in Racing France, they buy a share in a company called Racing France Limited. The share becomes redeemable after two years, but if a majority of members wish the syndicate to continue, it can.

Although this represents more admin than you might be familiar with in other jurisdictions, the model offers sensible safeguards given the formidable costs and potential windfalls of racing.

It's still racehorse ownership

Great racing, great community, great times... it just works. And racing as a team is not only more fun and frequent – it enables us to compete at a higher level than we would otherwise do so alone.

Horses and training

The money raised as members join Racing France finances the acquisition of horses and their keep for two years. Half goes towards buying the horses, while the remainder is earmarked for two-years' expenses

Purses and sales

The objective is to have fun winning races with a dynamic stable, trading occasionally when the opportunities arise.

All prize money and sale proceeds are returned to the pot, which is then distributed to members when their shares are redeemed.

Contact us

From afar

If you are interested in joining, or would just like to know more, get in touch via info@racingfrance.com

Alternatively, you can contact the team by telephone through the numbers below. We are always happy to talk!

Philip	+44 7972 806 159
---------------	------------------

Nicolas	+33 6 07 23 46 40

At the races

If you see us on the racetrack, don't hesitate to ask us about Racing France (or anything else).

We will be in Deauville each weekend throughout August, at the Arc Trials in Paris, and of course at the Arc itself. Come say hi!
